

**UNITED STATES OF AMERICA REPUBLIC, PROVINCE OF ILLINOIS**  
**1 December 2021**

**Pursuant to** the United States of America Republic Constitution **Amendment 19, Section 2, Clause 2**, wherein it states; “ **The United States of America Republic** shall make all Laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States of America Republic, or any Department or Officer thereof”, there shall hereby be designated “**UNLAWFUL VACCINE MANDATES**” provisions to serve this purpose. This Executive Order shall go into immediate force.

**Introduced as Executive Order 119-90**, a request was delivered by the President to honor and therefor establish protocols for U.S.A.R. National vaccine mandates.

**The Executive Order** has now been entered into full force.

**The 1st Continental** Congress of the United States of America Republic publicly declared 2015 the National “Year of the United States of the United States of America Republic”. The document known as Executive Order 119-90 was signed and enacted into law on **1 December 2021** by the President.

**EXECUTIVE ORDER 119-90 ON 1 DECEMBER 2021**

Authorizing and Ordering, proclaim and establish provisions in accordance with the Constitution and Laws of the United States of America Republic.

**NOW, THEREFORE**, be it Resolved by the President of the United States of America Republic, The President has authorized and requested to designate the administration of said Executive Order**119-90**.

**Therefore** The President, Executive Order 119-90 UNLAWFUL VACCINE MANDATE shall Enter Full Force 1 January 2022

## **United States of America Republic Continental Congress**

**President** stands up for Moorish Americans, **REJECTS UNLAWFUL VACCINE MANDATES.** **United States of America Republic** “Keep Moorish Americans Free of foreign Vaccines” President C Cannon: Bey Executive Order 119-90 reveals the President’s Agenda with the passage of “Keep Moorish Americans Free from Vaccinations” the Biden Administration’s unlawful federal vaccine mandates does not apply to National Citizens of the United States of America Republic but apply only to U.S. Citizens.

**Executive Order 119-90** was signed by the President, “Working together with U.S.A.R. Governors, The President stated “I have passed the smartest, strongest legislation in America to combat the Biden Administration’s unlawful vaccine mandate.

**The Moorish American people** of the United States of America Republic are proud to stand alongside every righteous government who will protect its citizenry from unlawful acts against humanity. Forced masking of our children in schools and forced vaccinations to keep your job stops here in U.S.A.R...

**We are proud** to stand alongside businesses and provide some sanity and options to treat their employees as the individuals they are instead of succumbing to a one-size-fits-all federal mandate. The result of this week’s work is simple: No one who is subject to U.S.A.R. law will be forced to get a vaccine who does not want one. I sign this Executive Order 119-90 to make this the law of the land.”

**Today we** are sending a clear message that the Moorish American people are taking their place back in the affairs of men and that the United States of America Republic stands for freedom. To our health care workers, law enforcement, first responders, farmers, truckers, and every other worker who never got a day off and couldn’t work from home during the pandemic – thank you for getting us through this crisis. Thank you for putting your family at risk. You stood with us when we needed you most, and we are proud to stand with you now.

**The United States of America Republic** (U.S.A.R.) is fighting for you. We will not allow the Biden Administration to make political pawns of the very people who put their lives on the line to keep our economy running while everyone else was safe at home, and we certainly will never cede the responsibility of parenting to the school system or bureaucrats in the federal government or any other government other than our own. The U.S.A.R. respects the dignity of work, the responsibility to parent, and the right to live in freedom.”

**The Executive Order 119-90** Protects students, parents, workers and employers in our state by creating a framework for employees to make the best decision for their health and affirming the rights of parents to make health care decisions for their children. The Executive Order 119-90 prohibits COVID-19 vaccination mandates for employees in government and public education and protects parental choice on masks, vaccines and quarantine.

**Specifically,** the Executive Order 119-90 prohibits private-sector employers from having a COVID-19 vaccination mandate for employees without providing at least the five following individual exemptions:

1. Medical reasons, as determined by a physician, advanced practice registered nurse, or physician assistant. Medical reasons include pregnancy or expectation of pregnancy.
2. Religious reasons, based on a sincerely held belief
3. Immunity based on prior COVID-19 infection, as documented by a lab test
4. Periodic testing, agreeing to comply with regular testing at no cost to the employee
5. Personal protective equipment (PPE), agreeing to comply with use of employer-provided. The President said, "Executive Order 119-90 will ensure Moorish Americans are not subject to an overreaching federal mandate that requires them to choose between a vaccine and providing for their family.

**It will empower** parents to make the best health care choices for their children This Executive Order 119-90 appropriately balances the rights of individuals to make their own health care decisions with the authority of employers to regulate workplaces.

**No one** should lose a job because of a vaccine mandate. A nurse who cared for COVID patients when we were all safe at home should not be let go because of a mandate the White House said would not be coming. All citizens must keep in mind that the U.S. government is closed and that the National Government is now in place to Rule.

**This Executive Order 119-90** inserts some commonsense into the confusion and contradictions we have seen coming out of Washington by giving workers more options to stay safe on the job and honoring the rights and responsibilities of parents."

**Executive Order 119-90** Creates a public records exemption for information, including personal medical information and religious information, contained in files created during an investigation of an employer who refuses to provide individual exemptions from COVID-19 vaccination requirements.

**Executive Order 119-90** protects Moorish Americans from public release of personal medical or religious information who allege their employers violated U.S.A.R.'s COVID-19 policies and practices. Preventing disclosure of this information will help protect them from harassment or discrimination if they lose their job because of a COVID-19 vaccine mandate. This Executive Order 119-90 respects long, proud tradition of open records and open government, while ensuring that sensitive employee information remains confidential.

**U.S.A.R. respects** the dignity of work, and employees who have been wrongly fired should have the ability to make a complaint without worrying about their personal health and religious information becoming public.” The Executive Office of the United States of America Republic to review options for the U.S.A.R. to take responsibility over our own workers’ occupational safety and health issues in light of the misuse of OSHA by the Biden Administration.

**Forced firing** of Moorish Americans is not the U.S.A.R. way. This Executive Order 119-90 takes the first step toward developing a proposal to withdraw from the federal Occupational Safety and Health Administration and to assert National jurisdiction over occupational safety and health concerns for employers.

**It puts U.S.A.R.** in the right posture to explore the options available to ensure the safety of our Citizens.” We respect the proper role OSHA plays in monitoring workplace safety.

**Unfortunately**, over the last few months OSHA has been weaponized by the Biden Administration not to protect workers, but to institute an unprecedented and unconstitutional nationwide vaccine mandate. This legislation makes it clear that U.S.A.R. will not stand for such an egregious, unlawful overreach by the federal government, and instead we are taking the first step toward asserting National jurisdiction over occupational safety and health issues.

**The state Surgeon General** has no authority to mandate vaccinations on National Citizens. Executive Order 119-90 insures Moorish Americans not to worry by the expansion of executive power we've seen from the Biden administration and many local officials. Moorish Americans must honor the National Constitution and govern themselves accordingly the President reaffirms the Moorish American Nationals that “we will always stand up for the individual rights of the people we serve.”

**Under the leadership** of President C Cannon: Bey, U.S.A.R. has been a beacon of hope, and we intend to keep it that way.

**Executive Order 119-90** makes our laws even more clear that U.S.A.R. stands as a refuge for families and businesses who want to live in freedom. No surgeon general has ever used this authority, but this Executive Order 119-90 takes the extra step to make it clear that no matter what the future holds, vaccines will not be mandated in U.S.A.R..”

**NOW, THEREFORE, be it Resolved by the President** this **Executive Order 119-90** of the United States of America Republic, That the President is authorized and designated UNLAWFUL VACCINE MANDATES to the administration of said laws and Establishes **Executive Order 119-90** therefore all U.S.A.R. Government officials add to their Current duties to fulfill this obligation to the Moorish American People and citizens of the United States of America Republic.

**No man or organization** in this country is above the law and No officer of the law shall set any law at defiance with impunity, all the officers of the Government from the Highest to the lowest are creatures of the law and our bound to obey it. God Bless The United States of America, and Long Live The Republic.

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused the Great Seal of the United States of America Republic to be affixed. Done at the Capitol in the City of New Mecca this first day of December, two thousand and twenty-one.

**United States of America Republic**
