

UNITED STATES OF AMERICA REPUBLIC

CONGRATULATIONS!

**You are just steps away from
Repatriation to:
Your National Government!**

Thank you for your interest in joining United States of America Republic. It is encouraging to see that you recognize the need for a Moorish American National Government, and the protection of your own "Nation". Now, Moorish Americans can reap the benefits of their own National Government, which was available to us all this time. What Noble Drew Ali set-up for Moorish Americans when we properly align ourselves civically was the means by which to proclaim our Nationality, *"to be recognized by the government in which we live, and the nations of the earth"*.

The brilliance in this endeavor of placing Moorish Americans on the world map was started in his time, but created, as the Prophet said, for future generations. To protect it, he enshrouded the "civics" creation in "religion", under the Hurd-Smith Revised Statutes (currently 805 ILCS 110/).

The purpose for his actions was for the benefit of every Moorish American who makes the effort, in this new age, to take a hold of what the Prophet started. When we recognize his alignment of our "nationality" and see that a "republican form of government" is guaranteed to us all, we unfold the secrets of coming back under the "constitutional fold of government".

Step 3 - CIVICS:

It is now up to you to educate yourself on “civics” with the assistance of U.S.A.R. This entails reading and comprehending the following documents that you will be adopting once you take your Oath of Allegiance:

1. U.S.A.R. Constitution www.usarcongress.us,
2. U.S.A.R. Declaration of Independence _____
3. “Social Civics” book (see below).

Studying the U.S.A.R. documents provides in-depth comprehension of U.S.A.R.’s “structure”, and helps you to become aware of the functions within a government through that structure.

5. It is also required that you view the following videos on our website for a more thorough understanding of your “actions”:

- “What is a Charter” at <https://www.unitedstaterepublic.com/more-videos>
- “Allegiance” at <https://www.youtube.com/watch?v=OYWrxX0Lv8s&t=63s>

First, a “corporation” must be established by the people in order to perform the functions of a “government” and to do the business of its people “commercially”. We, the Moorish American Society [flesh and blood], always had this form of government, but the seats are empty because we have become “citizens” of the United States and the States in which we reside. Since a “republican form” of government is guaranteed on this land, we may re-establish (or activate) **our own** government upon our own lands, that would make us the only “true” de jure government on this land. We are descendants of Moroccans, born in America...the oldest people on this land who may claim “birthright inheritance”. Your comprehension of this fact will allow you to see how “international” law goes into effect.

Next, a basic start of learning “Civics”. This requires you to read the Social Civics book (and do the homework for the first 6 chapters, and turn in) to obtain a basic under- inner standing of the position we have “civically”, and the responsibility to maintain it.

Obtain Social Civics book online at [amazon.com](https://www.amazon.com), or donate \$5.00 to U.S.A.R. for an e-copy of "Social Civics" book at www.usargov.us

Turning in the first 6 chapters of homework will later qualify you for U.S.A.R. IDs (Driver's License, State ID, Passport**¹, License Plate, etc.). Classes are based on the book: Social Civics **5th Edition**.

At the end of each chapter, you are expected to answer the quiz/questions and mail along with a \$5.00 donation (per chapter) to the USAR. You will be graded on these papers, and sent a follow-up notice. **WE ONLY REQUIRE FIRST 6 CHAPTERS**

Passports not available yet. Will keep you posted.

**STEP 4 – STATE OATH; PHOTOS,
other I.D.**

Copy of Birth Certificate and

Now that you have studied U.S.A.R.'s Constitution, Charter, Declaration of Independence, you are aware of its governmental responsibilities and protection to its people, Moorish Americans. The

identification we request is for the “protection” of U.S.A.R. Nationals/Citizens, so that U.S.A.R. may know what it’s Nationals and Citizens look like, their vital statistics; in order to have the power to issue its own identification. This “government”, like every other government, is only as good as the performance of its people. Therefore, having this “task” of establishing a perpetual state of protection for each one of our Nationals including our children (progeny), there must be an agreement (contract).

This is a difficult task, and we must have like minds and hearts to accomplish it; and outside influences may not deter us from our common goal of protection as long as we rely upon each other. This is one of the major reasons why it is stated, “*Everyone is presumed to know the law*”. Now that you know the laws of U.S.A.R. and its place on the international stage, it’s time to see if you are ready to take the “Oath of Allegiance”.

State Oath – Read Oath and Instructions carefully. Once in agreement with this covenant that you are making with your Brothers and Sisters by command of the “Creator”, Sign Oath in “blue” ink, using a “red” ink for the thumb print. (No Notary necessary). Then, study **8 USC 1481** and point out the “actions” you have performed and ask yourself, if you have lost your United States nationality?

8 USC §1481. Loss of nationality by native-born or naturalized citizen; voluntary action; burden of proof; presumptions

(a) A person who is a national of the United States whether *by birth* or naturalization, *shall lose his nationality by voluntarily performing any of the following acts with the intention of relinquishing United States nationality-*

(1) *obtaining naturalization in a foreign state upon his own application or upon an application filed by a duly authorized agent, after having attained the age of eighteen years; or*

taking an oath or making an affirmation or other formal declaration of allegiance to a foreign state or a political subdivision thereof, after having attained the age of eighteen years; or

3) *entering, or serving in, the armed forces of a foreign state if (A) such armed forces are engaged in hostilities against the United States, or (B) such persons serve as a commissioned or non-commissioned officer; or*

(2) *(4)(A) accepting, serving in, or performing the duties of any office, post, or employment under the*

(3) government of a foreign state or a political subdivision thereof, after attaining the age of eighteen years if he has or acquires the nationality of such foreign state; or (B) accepting, serving in, or performing the duties of any office, post, or employment under the government of a foreign state or a political subdivision thereof, after attaining the age of eighteen years for which office, post, or employment an oath, affirmation, or declaration of allegiance is required; or

(making a formal renunciation of nationality before a diplomatic or consular officer of the United States in a foreign state, in such form as may be prescribed by the Secretary of State; or

(5) making in the United States a formal written renunciation of nationality in such form as may be prescribed by, and before such

officer as may be designated by, the Attorney General, whenever the United States of America Republic shall be in a state of war and the Attorney General shall approve such renunciation as not contrary to the interests of national defense; or

(6) committing any act of treason against, or attempting by force to overthrow, or bearing arms against, the United States of America Republic, violating

or conspiring to violate any of the provisions of [section 2383 of title 1](#), or willfully performing any act in violation of [section 2385 of title 1](#), or violating [section 2384 of title 1](#) by engaging in a conspiracy to overthrow, put down, or to destroy by force the Government of the United States, or to levy war against them, if and when he is convicted thereof by a court martial or by a court of competent jurisdiction.

(b) Whenever the loss of United States of America Republic nationality is put in issue in any action or proceeding commenced under, or by virtue of, the provisions of this chapter or any other Act, the burden shall be upon the person or party claiming that such loss occurred, to establish such claim by a preponderance of the evidence. Any person who commits or performs, or who has committed or performed, any act of expatriation under the provisions of this chapter or any other Act shall be presumed to have done so voluntarily, but such presumption may be rebutted upon a showing, by a preponderance of the evidence, that the act or acts committed or performed were not done voluntarily.
